WTF is all I can say. This month has brought out all of the events and what a list of events they are. Some long running others just starting but all aimed at giving you and enjoyable option for your weekend. See all the advertisers in this issue. I thank you all and ask that you attend as many of these events as possible.

I have a whole bunch to say but due to time (press time) I need to keep it short. But have no fear I will make up for it next month.

Remember this is Women Riders month (that includes my mom) and Motorcycle awareness month. So the way I see it, we as riders need to keep an eye out for those drivers that may not be paying attention. Awareness works both way.

We have had some fabulous riding so far this year, but that is creating a much faster out of the gate fatality list for riders. I may sound like a broken record but again I will say, "Please do me a favor and don't drink and ride, we ALL need the extra edge while enjoying our rides."

As for all the other item on the agenda, I will hold off. I do want to say that the swap meet season is winding down and for me this is sorta a relief because that means the weather is ripe for the ridin'. And I am going to be all over Wisconsin. I got 1400 miles on and don't plan on slowing that pace. I hope to see you all in the next month somewhere, and just want to say, thank you for supporting the Free Riders Press like you have. This is the month I started it 8 years ago, and without you all in the riding community we here couldn't have lasted.

Mission Statement:  
 This paper was started out of the love and respect for being in the wind, and the brothers and sisters that are in the wind also. I have been riding all my life and have learned what brotherhood means. The Free Riders Press is a paper dedicated to the biker who knows this respect. Not barring any rider for what he wears or rides. We try to cover stories that make the public sit back and have a positive outlook on bikers. We will try to cover events that are for the biker and put on by the biker. This paper will be used to better the riding community through education, updates and personal views that are of positive thinking for the riding community in general. We will try to fight the ongoing discrimination that seems to be thrown onto us without our view being told. Free Riders Press is for all to enjoy, so by working together someday we can be free in the wind, without the worry of any of the aforementioned items.

**"Bingo's Downed Biker Fund"**  
 If you have a Brother or Sister down and would like to get them the Free Riders Press, NO PROBLEM, be glad to do it but it does cost money. A lot of people help out by donating some coin. We here will do what we can, but with everybody giving what they can, we will make it go a long way. We all know somebody that's down, and anything would be greatly appreciated.
